

The HDC and MDC optical PUR readout cable connects a Diver water level logger to a modem. The cables are suitable for TD, Cera, Micro and CTD Divers and for monitoring wells from 25mm diameter.

Available in lengths of 1 to 300 metres, however, for monitoring wells deeper than 50 metres.

Applications

- Groundwater monitoring
- Data retrieval
- Remote monitoring

Key Features

- Suitable for TD, Micro, Cera, & CTD Divers
- Available in lengths of 1 to 300 metres.
- Warranty 1 year.

Specification	HDC	MDC
Photo		
Product Name	HDC, heavy duty, Optical 1-eye PUR cable	MDC, Optical 1-eye PUR cable
Compatible Devices	TD/Cera/Micro/CTD Divers	
Available Lengths	1, 10, 15, 20, 25, 30, 35, 40, 45, 50, 60, 70, 75, 80, 85, 90, 95, 100, 120, 125, 150, 170, 200, 250, 300meters	1, 10, 15, 20, 25, 30, 35, 40, 45, 50meters
Cable Adjuster	3.8 mm	Integrated
Suitable for	Level tubes from 1 inch	
Connector on Diver Side	IP-68 (prolonged submersion at 10 bar)	
Contra Plug (Straight M12 Connection)	IP-67 (temporary submersion 30 min. @1 m H2O) when correctly mounted	
Guarantee	2 years	1 year
